PROFILE

I'm Mart Gjepali, a dedicated and versatile programmer with a robust academic background in Business Informatics, having earned my Bachelor's degree from Luarasi University.

EDUCATION

Business Informatics, Luarasi University, Tirana, Albania
September 2018 — July 2021

Graduated with a grade of 8.

EMPLOYMENT HISTORY

Web Developer at Digital On Things, Tirana
December 2022 — October 2023

Professional Development:

- **React Expertise**: Spearheaded front-end development using React js, crafting reusable components, and ensuring dynamic interfaces with robust data binding.
- **jQuery Utilization**: Enhanced web applications by integrating jQuery, focusing on user interaction and extended functionality.

Web Developer at Optima, Triana
February 2022 — March 2023

Technical Stack:

- **Laravel**: Applied Laravel framework for secure, scalable back-end solutions.
- **JavaScript/ReactJS**: Enhanced user interfaces with dynamic scripting for improved user engagement.
- **MySQL**: Managed data using MySQL, ensuring efficient data storage and retrieval.

Assistant and practice at Smart Kids Albania, Tirana
October 2019 — July 2020

Primary School Coding Instructor

As a coding instructor for primary school students, I introduced young learners to the fundamentals of coding and web programming.
